FEEDLOTING & CONTROLLED FEEDING MASTERCLASS

ATTEND OUR SHEEP FOCUSED WORKSHOPS TO HEAR FROM INDUSTRY EXPERTS AND PARTICIPATE IN PRACTICAL SESSIONS

GUEST SPEAKERS

- ① **Jim Walsh/Felicity Wills** - *Coopers Animal Health*
- Cost effective induction, considering animal health history
 - Preventative management for common feedlot issues
 - Systematic monitoring of animals in a feedlot

- ② **Ross Winfield** - *Nutrimax*
- Feedlot ration options to suit your operation
 - Reducing the risk of acidosis
 - Maximising average daily gain with a balanced diet

- ③ **Gerard Roney** - *Advantage Feeders*
- Release of the NEW automated feedlot
 - Things to consider with different feedlot systems
 - Feed 30% less with controlled feeding

PUTTING THEORY INTO PRACTICE

- ① Feedlot design and successful implementation
- ② Using feeders for induction and controlled feeding
- ③ Operating the Advantage Feeders automated feedlot
- ④ Identifying and resolving animal health issues
